

REFLECTIVE VEHICLE ACTIVATED WARNING SIGN

VERSATILE AND EFFECTIVE WAY FOR IMPROVING ROAD SAFETY

Introducing Messagemaker Display's versatile solution for traffic calming, improving safety and increasing road user awareness.

The Reflective Vehicle Activated Warning sign acts as an advanced warning to motorists of approaching hazards, with an eye-catching reflective TSRGD sign and four flashing beacons.

These signs display a class two reflective vinyl printed with TSRGD compliant symbols and fonts and are customisable to your specific requirements.

The Reflective Vehicle Activated Warning sign is available in either grey or reflective yellow can be pre-configured with the desired trigger speeds and settings.

KEY BENEFITS
