

## ADAPTIVE SPEED LIMIT REMINDER

### AN INNOVATIVE SOLUTION TO IMPROVING SAFETY ON PUBLIC HIGHWAYS

Speeding motorists are a danger on the roads and to communities. Prompting drivers when exceeding the speed limit, or highlighting the legal limit of a given area are both proven methods of speed reduction.

Speed limits in residential areas and school roads across the UK are set to reduce from 30mph to 20mph in phases up to 2026.

This sign is particularly suited to roads that are currently limited at 30mph but are likely to switch to the lower 20mph limit in the future. Switching the speed limit on this sign is an easy and seamless process.

The versatility of this sign in this “switchover phase” eliminates the need to replace costly signage, therefore cutting down on waste and negating the need for further spending.

### KEY POINTS

- ▶ UKCA/CE Certified
- ▶ Integrated Vehicle Detection RADAR
- ▶ ‘SLOW DOWN’ message
- ▶ Viewing up to 80 metres
- ▶ Auto-dim facility for day and night time use
- ▶ Requires minimal power for efficiency
- ▶ Powered by 230 volt mains power
- ▶ Vehicle data capture option available
- ▶ Fully weatherproof
- ▶ 4G Modem Upgrade: Allows remote access for data download, trigger speed changes and scheduling options.

# TECHNICAL SPECIFICATIONS

Digit/Roundel Size	455mm Digit Height
Enclosure Dimensions (h x w x d)	1150mm x 630mm x 150mm
Trigger Speeds	5 - 65MPH
Display On Time	0.5 - 7.5 seconds
Weight	25Kg
Supplied With Post Mounted Bracket	✓
LED Colour(s)	WHITE 'Slow Down' AMBER Beacons

## OUR RANGE OF 20MPH INITIATIVE SIGNS

Evidence shows that reducing the speed limit in built-up areas from 30mph to 20mph saves lives and reduces injuries whilst having minimal impact on journey times. Messagemaker Displays offers an extensive range of signs to help authorities enforce these lower speed limits.

**Vehicle Activated Speed (VAS) signs** - Flashing signals attract driver attention and reminds them of the speed limit.

**Urban Speed Limit Repeater signs** - Displaying either '30' or '20', ideal for use on roads that currently have a 30mph limit.

**LED School Warning signs** - Show temporary speed limit changes around school times, and school hazard warnings.
