

A motorway solution developed for both new projects and replacement work. The future proofed signs utilise full colour, low powered SMD LEDs. Simple and easy to swap-out with existing infrastructure.

- ▶ 15+ years design life
- ▶ 7 year warranty
- ▶ Energy efficient and low powered
- ▶ Lightweight at less than 25kg
- ▶ TRI 100 and TR2655A Compliant
- ▶ 15 minutes to swap-out old for new existing signs
- ▶ Post fixings compatible with existing set-ups
- ▶ Display current content and TSRGD symbols
