

ENCOURAGING SAFER DRIVING BY CLEARLY DISPLAYING VEHICLE SPEEDS AND ALERTING DRIVERS WHEN THEY EXCEED THE LEGAL LIMIT

Prompting drivers when exceeding the speed limit, or highlighting the legal limit of a given area are both proven methods of speed reduction.

This sign features a vinyl "Your Speed" message along with an LED display that shows an oncoming vehicle's speed.

If the vehicle is driving under the posted speed limit, their speed will be displayed in green LEDs.

Conversely, if the vehicle is travelling slightly over the speed limit, their speed will be shown in amber. Furthermore, vehicles far exceeding the speed limit will prompt the sign to illuminate in red LEDs. The sign will then stop displaying the speed count to discourage "high score" mentality.

KEY POINTS

- ▶ UKCA/CE Certified
- ▶ Easily relocatable using custom post plates
- ▶ Integrated Vehicle Detection RADAR
- ▶ Green, Amber or Red message depending on vehicle speed
- ▶ Viewing up to 100 metres
- ▶ User adjustable 'Trigger Speed' & 'Display Duration'
- ▶ Auto-dim facility for day and night time use
- ▶ Requires minimal power for efficiency
- ▶ Powered by battery, solar power or 230 volt mains power
- ▶ Vehicle data capture option available
- ▶ Bluetooth data retrieval available
- ▶ 4G Modem Upgrade: Allows remote access for data download, trigger speed changes and scheduling options.
- ▶ Fully weatherproof
